One of the most culturally and geographically diverse places on earth, South Africa, fondly known by locals as the 'Rainbow Nation', boasts 11 official languages, and its inhabitants are influenced by a fascinating mix of cultures. Discover the gourmet restaurants, impressive art scene, vibrant nightlife, and beautiful beaches of Cape Town. Enjoy a local braai (barbecue) in the Soweto township, browse the bustling Indian markets in Durban, or sample some of the world's finest wines at the myriad wine estates dotting the Cape Winelands. Some historical attractions to explore include the Zululand battlefields of KwaZulu-Natal, the Apartheid Museum in Johannesburg, and Robben Island, just off the coast of Cape Town. Above all else, its untamed wilderness is astonishing: wildlife roams freely across massive unfenced game reserves such as the world-famous Kruger National Park.

Banking and Currency

Currency

The currency is the Rand, which is divided into 100 cents. There are R200, R100, R50, R20 and R10 notes. Coins come in R5, R2, R1, 50c, 20c, and 10c.

Banking

Banks are found in most towns and are generally open from 09h00 to 15h30 on weekdays and 08h30 to 11h00 on Saturdays (Closed Sundays and Public Holidays). Most of them offer foreign exchange services - with cash, bank & credit cards as well as travellers cheques. You can also obtain cash from automatic teller machines (ATMs). Several international banks have branches in the main city centres. Always advise your bank that you are travelling outside the country as they might block your purchases if they are not informed.

Travel, Transport and Getting Around

Travelling around South Africa is relatively easy by air, road and rail.

Several airlines operate domestic routes with regular links between Johannesburg, Cape Town, Durban, George, Nelspruit and Port Elizabeth and relatively frequent flights to several smaller towns and cities too.

An extensive tarred road system makes travelling in South Africa by vehicle convenient and easy. You will find gravel roads in rural areas though. Please note that a valid international driver's licence is required. We drive on the left-hand side of the road. Most global car hire firms have branches in South Africa.

Another means of getting around South Africa are inter-city bus services. Metrobus buses are available for in-city transport. Metered taxis can be ordered and e-hailing services are available. There is the popular MyCityBus system in Cape Town and a hop-on-hop-off tourist bus in Cape Town and Johannesburg.

The rail system includes the long-haul, inexpensive Shosholoza Meyl Metrorail trains with more luxurious options available. There is also the Gautrain rapid transit railway system in Gauteng Province.

Food, Drink and Cuisine Advice

Standards of hygiene in relation to food health and safety in South Africa, are generally high in hotels, restaurants, pubs and nightspots. Tap water in South Africa is safe to drink and cook with when taken from taps in urban areas. Not all tap water in rural areas is safe for consumption, so take precautions if necessary.

It is safe to eat fresh fruit, vegetables and salads and put ice in your drinks. South Africa's fish, meat and chicken are of excellent quality, so there is no need to limit yourself when enjoying the local cuisine.

Restaurants are subject to South Africa's food safety control legislation, which is implemented by local government. Regulations include certification and regular inspections by health inspectors to maintain hygienic standards.

Street food is not as common in South Africa as it is in other countries, although vendors selling traditional snacks and meals can be found in city centres and townships. Food safety in such instances cannot always be guaranteed.

Climate and Weather

South African temperatures, which are measured in centigrade, average at highs of 28°C to average lows of 8°C in the summer months, while winter temperatures range from 1°C at night to around 18°C during the day. Average annual rainfall is on the low side at under 500mm a year, making the country somewhat dry. Much of the rain falls in the Western Cape in the winter, differing from the rest of the country, which experiences summer rainfall. On the plus side, the South African climate boasts more than its fair share of sunshine, recording an average of 8.5 hours a day.

Clothing and Dress Recommendations

Summer

Bring cool, light and comfortable clothes because summer temperatures can get well into the 30 - 40 degree Celsius range in some areas. Also, bring an umbrella or raincoat during summer as this is when most of the country gets its rain, but don't forget a swimming costume (bathing suit).

Winter

The winters are generally mild, comparing favourably with European summers. But there are days when temperatures dive, especially in high-lying areas such as the Drakensberg, so be prepared with jerseys and jackets. Cape Town gets its rain during the winter season so it's advisable to bring rain gear along.

General

Always bring a hat, sunglasses and sunblock as the sun can be strong even in the winter months.

Walking shoes are a good idea all year-round, with warm socks in the winter.

If you are doing business in the country, business attire is generally called for in the corporate sector, but media, for example generally dress more casually.

For game viewing, a couple of neutral-toned items will be useful, but there's no need to go overboard. A good pair of walking shoes is also advisable.

For the evening, if you are dining at an upmarket restaurant or seeing a show, smart-casual attire is recommended.

Internet Availability

Most accommodation offer Wifi in their business centres, rooms or restaurants. Internet cafes are found in most business areas and shopping malls. In addition, some South African restaurants offer WiFi access.

There are also outlets such as PostNet that offer internet, fax and postage facilities.

Electricity and Plug Standards

Electrical sockets in the Republic of South Africa are Type M (SABS-1661). If your appliance's plug doesn't match the shape of these sockets, you will need a travel plug adapter in order to plug it in. Travel plug adapters simply change the shape of your appliance's plug to match whatever type of socket you need to plug into. If it's crucial to be able to plug in no matter what, bring an adapter for all types.

Electrical sockets in South Africa usually supply electricity at 230 volts AC / 50 Hz frequency. If you're plugging in an appliance built for 230-volt electrical input, or an appliance compatible with multiple voltages, then an adapter is all you need. A voltage converter will be necessary if your appliance isn't compatible with 230 volts.

Officially known as the 'Kingdom of eSwatini' and still referred to as Swaziland, this tiny landlocked nation boasts a rich historical and cultural heritage and is Africa's last remaining absolute monarchy. Swaziland encompasses a diverse array of ecosystems featuring towering mountains and low-lying savannah, tangled rainforests and lush river valleys. Highlights of this laid-back land include the mesmerizingly beautiful 'Valley of Heaven', the handicraft haven of the Malkerns Valley and the Hlane Royal National Park, famed for its white rhinos, antelopes and lions. Visitors can look forward to excellent wildlife watching, rafting, mountain biking, and hiking along a network of scenic trails which traverse spectacular mountainous landscapes.

Banking and Currency**Currency**

Lilangeni (SZL; symbol E) = 100 cents. The plural of Lilangeni is Emalangeni. Notes are in denominations of E200, 100, 50, 20 and 10. Coins are in denominations of E5, 2 and 1, and 100, 50, 20, 10, 5, 2 and 1 cents.

The South African Rand is also accepted as legal tender (E1 = 1 Rand) so if coming from South Africa, there's no need to change money.

There are no restrictions on the import or export of local or foreign currency.

Visitors are advised to exchange Emalangeni back into their own currency (or into South African Rands) before leaving Eswatini.

Banking

Banking hours: Mon-Fri 08h30-14h30, Sat 08h30-1100.

Only a few ATMs accept international credit/debit cards. American Express, MasterCard and Visa are accepted at hotels and upmarket shops and restaurants.

Travellers cheques are widely accepted. Several banks will exchange travellers cheques, but to avoid additional exchange rate charges, travellers are advised to take them in Euros, Pounds Sterling or US Dollars.

Travel, Transport and Getting Around

Travel by car is the easiest way around Eswatini. Cars are driven on the left side of the road. The road system is largely well developed, although there is little street lighting. The main road from east to west is the MR3. Some roads are winding and roads can be rough in the bush.

Car hire: There are a number of international car hire companies in Swaziland.

Regulations: The maximum speed limit 120 kilometres per hour on freeways, is 80 kilometres per hour on the open road, and 60 kilometres per hour in built-up areas.

An International Driving Permit is required; or domestic licence (with photo ID).

Food, Drink and Cuisine Advice

Mains water is generally safe but bottled or sterilised water is preferable. Drinking water outside major cities and towns may be contaminated. Milk is pasteurised and dairy products are safe for consumption; exercise caution if milk is of uncertain provenance. Only eat well-cooked meat and fish, preferably served hot. Vegetables should be cooked and fruit peeled.

Restaurants are found mainly in Mbabane and in tourist areas such as the Ezulwini Valley. Portuguese cuisine (an influence from nearby Mozambique) including seafood, and especially prawns, can be found in areas like Big Bend. African staples such as stew and pap can be sampled in more remote locations. Other international food available includes Indian, German, Swiss and French.

Tipping 10 to 15% of the bill is customary for good service in restaurants and hotels.

Climate and Weather

Due to the variations in altitude the weather is changeable. Except in the lowland, it is rarely uncomfortably hot and nowhere very cold, although frosts occasionally occur in the Highveld which has a wetter, temperate climate. The Middleveld and Lubombo are drier and subtropical with most rain from October to March. The best time to spot game is during the summer (October to March).

Clothing and Dress Recommendations

Lightweight cotton or linen clothing is recommended, and a jacket is advisable for the evenings. Waterproofs are rarely needed unless you're doing a lot of walking between October and March. Sunscreen, a sunhat and sunglasses are essential as is a good pair of walking shoes.

Internet Availability

Internet facilities may be scarce outside of Mbabane, Manzini, Ezulwini Valley and the Malkerns Valley.

Electricity and Plug Standards

Electrical sockets (outlets) in Swaziland are the 'Type M' South African SABS1661 ('Large' 15 amp BS-546) sockets. This is actually an old British standard. The 'Type M' South African plug and socket is not to be confused with the "Type D " Indian plug and socket. In pictures, they look very similar, but the South African type is much larger than the Indian type, and they are physically incompatible. If your appliance's plug doesn't match the shape of these sockets, you will need a travel plug adapter in order to plug in. Travel plug adapters simply change the shape of your appliance's plug to match whatever type of socket you need to plug into.

As the voltage is different in Eswatini use a power converter if your device or appliance isn't dual voltage and ensure that it can work with a 50hz power outlet.
